

Mammals-1

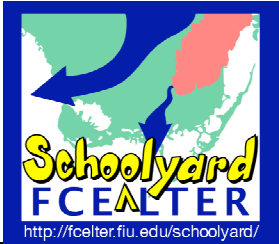

Mammals-1		Developed Sites	Everqlades Ecosystems															Hypothetical
			DRY	FRESHWATER UPLAND				BRACKISH					MARINE					
			Hardwood Hammock	Dry Prairie	Freshwater Marl Prairie	Pineland	Solution Holes	Ponds	Freshwater Slough	Freshwater marsh	Brackish Water	Coastal Prairie	Cypress	Mangrove	Creeks	Marsh and Estuarine	Marine	
Opposum																		
Short-tailed shrew																		
Least shrew																		
Eastern mole																		
Seminole bat																		
Florida yellow bat																		
Evening bat																		
Brazilian free-tailed bat																		
Florida mastiff bat																		
Nine-banded armadillo																		
Marsh rabbit																		
Eastern cottontail																		
Gray squirrel																		
Fox squirrel																		
Southern flying squirrel																		
Rice rat																		
Cotton mouse																		
Cotton rat																		
Roundtail muskrat																		
Roof rat																		
Norway rat																		
House mouse																		
Atlantic bottlenosed dolphin																		
Short-finned of Pilot whale																		
Grey fox																		
Red fox
